

WDS 3.6.2 BlackBerry Quick User Guide

BlackBerry™ (OS versions 4.2.1 – 7.0*)

*For BlackBerry 10, use the HTML5 client version.

To start, select the Thomson Reuters Wireless Delivery System icon. If you are accessing for the first time you will be prompted for your **Login ID**, **Password** and the **Connection** details.

Search on a symbol e.g. **EUR=**, free text e.g. **Thomson Reuters**, news code e.g. **SPO** or news text expression e.g. **House Prices**.

Watchlists

Create and edit lists of your favourite instruments directly from your BlackBerry. Add one or more limit alerts on any instrument. Read only view of Eikon Desktop Quote Lists with ability to filter columns.

Summary View returned on symbol search. Contains quote, news. Scroll down for simple or advanced (Scrolling) chart and company fundamentals.

Shortcuts to your favourite views can be saved as icons on the home screen.

Reuters Insider – video coverage of breaking news, interviews, analysis and commentary on market issues.

Settings lets you set font sizes and styles, trend colours, account details, move/hide/delete your menu items, news language filters and shortcut management.

THOMSON REUTERS

Page Builder (My Pages)

Use your desktop or laptop PC to set up pages for your BlackBerry™. Go to <http://<hostname>/merlin/MPE>

You will need to supply your user name and password.

To create a page:

Click on the **Create Page** link and enter a name for the page.

An empty default screen with a red border will appear (right). Now select what you want to display (top left).

Supply the details relevant to that display. The example shows a matrix (quote list) – enter the RICs of the instruments to be displayed (space or comma separated). Choose a template (the fields you want to view for these instruments), or select **Custom** on **Advanced** to select each field individually. Click on **Go**.

To add a News pane, click in the screen on the right again, click on the **Add below** or **Add above** button, then select **News** from the drop-down (top left). Then specify the news code or text keyword.

Click on the **Save Screen** button to save the details.

Shared Pages

Click the **Shared page** button to share your page with other users in your organisation. Click the Import Page link to find pages that other users have shared.

Watchlists

Watchlists are not supported by the Page Builder. Although, custom templates can be created by the administrator. Custom templates can also be created by the user from the BlackBerry.

RSS Feeds (Executive Channel)

A list of RSS feeds can be defined via the RSS Feeds page builder role. This is an administrator only function.

Select the component you want to add e.g. **Chart, Portfolio, Matrix, Quote or News**.

Control the current page. Use the mouse to view a description of each button.

Use these buttons to add or delete a component.

Insert up to four components on a page to view on BlackBerry or Windows Mobile handheld.

Sample screen bordered in red. Click here before you select the component you want to add (top left).

These are pages you have already created. To edit a page, just click on it.
